Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: All of instant claims 1, 4-10, and 12-40 are allowable over the cited prior art at least because as argued by the applicant in the response filed on 10/18/2006, the closest prior art (Burrows) actually teaches away from a multi-platform structure since Burrows teaches that a single floor is employed in order to allow for improved overhead crane access (see applicant's arguments pages 2 and 3 for example).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Scott Kastler whose telephone number is (571) 272-1243. The examiner can normally be reached on Monday through Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Roy King can be reached on (571) 272-1244. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
